JULIAN CHEUNG

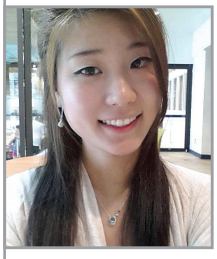
University of British Columbia
Bachelor, Civil Engineering

Julian is a fourth year civil engineering student at the University of British Columbia. His previous co-op experiences as a transportation engineering assistant and his interest in design and planning have led to a specialty in the field of transportation. "When I graduate in the coming spring I would like to work for an engineering consultant firm as a planner. I am a very detail-oriented person who loves to solve problems. My hobbies include basketball, badminton, video games and social activities."

DAVID ELLISON

University of Toronto
Bachelor, Materials Engineering

David Ellison has just graduated from Notre Dame Catholic Secondary School in Burlington, Ontario. Soon he will be entering his first year at the University of Toronto, where he will be studying materials science and engineering.
David has been playing recreational hockey and rep soccer for the past 12 years, and he travelled to England in 2010 to compete in the Arsenal International Soccer Festival.



HAENA KIM

University of British Columbia
Bachelor, Civil Engineering

Haena Kim is a fourth year civil engineering student at the University of British Columbia. Her keen interest in enhancing the quality of people's lives inspired her to specialize in transportation engineering. Through the engineering co-op program at UBC, she had the opportunity to work at the City of Surrey and Focus Corporation under the mentorship of experienced transportation professionals. Upon graduation, she aspires to undertake a masters program in transportation and pursue her ultimate goal to become a professionally certified transportation engineer. In her spare time, she enjoys snowboarding, swimming and sewing.

MADELINE MACKENZIE

University of Western Ontario - Undergraduate
Bachelor, Health Science

Madeline will be starting her second year at Western University this fall studying health sciences. After completing her degree, Madeline plans to pursue a career in medicine as a family physician for future Canadian families. During the winter, Madeline skates with the London Synchronized Skating Team, travelling to cities across the country to compete. In the summer, she is a sailing instructor at the Stony Lake Yacht Club where she spends time with friends and family located on the lake.

JENNIFER MCCORMICK

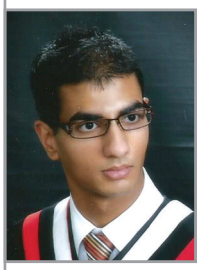
Wilfrid Laurier University
Bachelor, Kinesiology Major,
Psychology Minor

A fourth year honours kinesiology student at Wilfrid Laurier University in Waterloo, Ontario, Jennifer plans to pursue a career in sports psychology after graduation. In her spare time Jennifer likes to stay active by participating in sports including baseball, volleyball and golf.

MICHELLE McCORMICK

Wilfrid Laurier University
Bachelor, Concurrent Education

In the fall Michelle will be starting her third year of a five-year concurrent education degree at Wilfrid Laurier University and Nipissing University in Brantford, Ontario. Upon graduation she plans to be a primary school teacher. Michelle enjoys reading and spending time at her family's cottage.



HUSSEIN MERCHANT

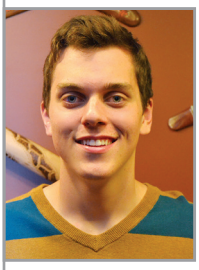
University of Alberta, Bachelor, Bioinformatics

Hussein Merchant is a recent graduate of Jasper Place Senior Composite High School in Edmonton, Alberta. There, he took a variety of science courses which will tie in with his university studies in the field of bioinformatics. This will lead him into an undergraduate degree in computer science with a minor in biology. Hussein is involved with the Royal Canadian Air Cadet movement; is an avid volunteer; and was a member of his school leadership team, as well as the Interact Club, a branch of Rotary International for high schools. Due to his volunteer and leadership work, Hussein was a recipient of the Queen Elizabeth II Diamond Jubilee Medal. Hussein is also a sports enthusiast, involved in cross country, rowing, skiing and basketball.

MELISSA PIKE

University of Calgary – Undergraduate
Bachelor, Health Sciences

Melissa Pike graduated with Honours from Lord Beaverbrook High School in Calgary, Alberta. Her love of music motivated her to be involved with band throughout junior high and then the Beaverbrook dance and choir programs in high school. Melissa won the Robert Thirsk Award for Excellence in Math and Science in Grade 9. Melissa will begin a bachelor of health science at the University of Calgary in September 2013, and after completing her undergrad degree, she plans to enter medical school and specialize in psychiatry.



ALEXANDER THIBODEAU

Memorial University of Newfoundland
Bachelor, Biology

Alex graduated from Bernice MacNaughton High School with Honours with Distinction this past June. In the fall he will be attending Memorial University of Newfoundland to pursue a Bachelor of Science with the hopes to major in biology and minor in music. A competitive swimmer for 10 years, Alex will be attending the Canada Games in Sherbrooke, Quebec this summer as a member of Team New Brunswick. This past April he starred in his school musical production of Grease as Danny Zuko. "I plan to pursue both swimming and my singing at Memorial by minoring in music and joining the MUN Sea-Hawks as a varsity athlete. After my bachelor of science I have the hopes of getting into medical school to then pursue a career as a Radiologist."

MARK VAN ELK

Trinity Western University
Bachelor, Elementary Education

Mark is a recent graduate of Kitsilano Secondary School in Vancouver, BC, where he was born and raised. In September, 2013, he will begin his studies at Trinity Western University , in Langley, BC, with the goal of getting a degree in Education, including his Teaching Certificate. Mark hopes to teach and coach at the Elementary School level. Mark likes all sports and outdoor activities (his favorite sports in school were basketball and rugby). and his current favorites are tight-rope walking, kayaking and hiking. In teaching, he has a keen interest in helping and teaching special needs kids. Mark is currently working for Impark as a patroller—an important summer job! ■
