SAMUEL JASON AQUINO

University of Alberta – Bachelor of Science,
Civil Engineering

Samuel will be going to the University of Alberta starting the first year of his Engineering Degree. Before this, he finished his Diploma in Civil Engineering Technology and worked as a Project Coordinator in a pipeline project. His experiences encouraged him to further develop his knowledge and skills and strive to get a degree as a Civil Engineer. In his free time, Sam is active in sports and volunteers frequently at different institutions like the Habitat for Humanity and church organizations to give back to the community and encourage other young immigrants.

SHEN JIREH AQUINO

University of Calgary – Bachelor, Nursing

Jireh is a third-year student studying Bachelor of Nursing at the University of Calgary. She has been interested in athletics and sports medicine during her high school years, which led her to study Nursing. Apart from athletics, Jireh also finds fulfillment in volunteering. Recently, her church collaborated with Roots in Romania to send a mission team to help facilitate Vacation Bible Schools at various villages in Romania. Jireh was a team leader for the youth and teenagers; it was a great and rewarding experience for her to build connections with the children of these villages despite the language barrier present.

OLIVIA BOSWELL

Queen's University - Bachelor of Science

Olivia graduated Oakville Trafalgar High School in 2017. With her strong passion for science and her dedication to her community, Olivia applied and was accepted to Queen's University for their Bachelor of Science program. All through her life, Olivia has been passionate for the art of dance and has successfully completed many examinations. Olivia plans to major in life science to prepare her for her plan to attend medical school after she completes her undergraduate program.

SYDNEE DRONSFIELD

University of Calgary - Bachelor, Chemistry

Sydnee is a first year Chemistry student at The University of Calgary, after graduating from Crescent Heights High School in 2017. She received school and provincial level honours throughout high school. After her Bachelor Degree, Sydnee, plans on advancing her studies by pursuing a Master Degree, with hopes of a career in the chemical research industry. In her spare time, Sydnee volunteers at children's science camps. Sydnee also enjoys indulging in a good book.

DANA LOBSON

Queen's University – Bachelor, Concurrent
Education BA/B.Ed

Dana graduated from Mount Boucherie Secondary in 2017. She has a passion for English, earning her the top English 12 award in high school. Dana will be attending Queen's University this coming fall and will be part of the Concurrent Education program. With the intent of becoming a high school English teacher, she plans to obtain a Bachelor of Arts degree, majoring in English, as well as a Bachelor of Education degree. Dana enjoys downhill skiing, playing the piano, and spending time with her family and friends.

BETH PALMER

University of Waterloo –
Bachelor, Environmental Science

Beth graduated with Honours this year and looks forward to commencing her studies in International Development within the Environment Faculty at the University of Waterloo. Over the summer, as she has for the last five years, Beth was working with children of all ages and abilities at summer camp and grasping every opportunity to enjoy the sun. Beth thoroughly enjoys keeping active in a variety of sports and spending time outdoors! She hopes that with her passion for equality, sustainability and the environment, she can make a difference as she considers an impactful future in International Relations.

JAYME PERSIKO

McGill University – Bachelor, Arts

Jayme has completed her first year of university in the faculty of arts and is about to begin her second year at McGill University in pursuit of a bachelor in social work. She enjoys working with kids and volunteering in her community. She started a club at her high school that provided students with a space for advice and activities on how to avoid becoming overwhelmed in school. In her free time she enjoys reading,

skiing, and being with family.

AUTUMN TUTTROEN

University of Regina – Bachelor, Social Work

Autumn is entering her third year of Social Work and is a dual student with the University of Regina and the University of Saskatchewan. She made the Dean's Honour Roll in her 2015-2016 academic year and intends to pursue a Masters of Social Work degree so she can provide counselling services to the Indigenous peoples of Turtle Island. The passion Autumn has for assisting others drives her to volunteer with a number of

organizations and programs that focus on working with Indigenous peoples and those living in the core neighbourhoods of Saskatoon.

MICHELLE ZYMA

University of Toronto – Bachelor, International Development Studies

Michelle is a third year International Development Studies Specialist and Coop student at the University of Toronto. She is passionate about sustainable change, equitable policy and world culture. Next September, Michelle will be embarking on her coop term and she is excited to see where her internship will take her. Michelle also has a love for theatre and has always been an active member within her

schools Drama Society. This year she is honoured to take on the role of Vice President of her Drama Society so that she can give back to a community that has supported her throughout her university career.

VICTORIA ZYMA

McMaster University – Bachelor, Mechanical Engineering

Victoria is entering her final year of Mechanical Engineering at McMaster University. Throughout her undergrad, she has gained 2 years of engineering work experience, participated in Women in Engineering initiatives, and has been an active member of the McMaster Dance Team. Outside of school, she continues her passion for dance as a member of the Hamilton Tiger-Cat Cheerleading

team. Upon graduation, Victoria hopes to start her career path in the field Mechanical Contracting. ■
